Approved in all states except New York. In the states of Delaware and Florida, the product automatically renews into a 1-year guarantee period and surrender charges do not restart.

¹The premium credit amount is not considered a premium you have paid. If you apply the entire accumulated value to a benefit option in the first three contract years, any premium credits previously applied through that date will be subtracted from the amount applied to the benefit option.

²Current index cap and performance trigger rate as of effective date above, subject to change without notice.

³Minimum index caps and minimum trigger rates are only guaranteed during the initial surrender charge period.

*Premium can only be allocated to one index crediting method at issue.
