

Tough Battle Right Team

Our Low Rates Benefit Everyone

"I don't want lower monthly premiums," said nobody.

The new lower rates on Mutual of Omaha's Cancer Insurance - reduced by 20% - helps your business in two ways:

- Saves money for your cost-conscious clients
- Opens the door to additional sales

How Cancer Insurance Helps Your Clients

Mutual of Omaha's Cancer Insurance offers benefits that help people diagnosed with cancer focus on getting well.

Your clients receive a one-time payment after a cancer diagnosis - a benefit that can cover costs like high deductibles, out-of-network care and any treatment that isn't covered by most employer-based health insurance plans.

Here are some of the ways your clients can use their cancer insurance benefits:

- Replacing lost income
- Paying for everyday expenses like groceries and bills
- Paying health insurance deductibles and copayments
- Hiring home health care or child care services
- Traveling to treatment facilities

And our cancer product is easy to quote and easy to underwrite - there are only three knockout questions for your clients to answer for up to \$50,000 of coverage.
