

Helping make your retirement dreams a reality.

Thank you for your Athene annuity application.

Annuities represent a long-term commitment for both Athene and you, the contract owner. It is important we make sure our customers understand and are satisfied with their annuity purchase.

You may receive a call from us in the next few weeks.

As part of our suitability review process, we contact Athene customers while their applications are being processed. An Athene Suitability Representative working on your application may call you from the number, 888-266-8489. This is not a sales call.

During the call, we'll review key features of the annuity with you to ensure you are satisfied with the purchase process. Should you have any additional questions regarding your purchase of the Athene annuity, we will instruct your financial professional to contact you.

The features we will discuss include:

- The Withdrawal Charge Period for the product being purchased
- Liquidity provisions
- Required minimum distribution (if applicable)
- Other features and charges may be discussed as needed

We understand your time is important, so the call should only take a few minutes.

Thank you for your business and we look forward to speaking with you.
