

Long-Term Care Insurance

It's a \$100,000 Question

How will you pay for long-term care services?

The Answer is Simple

With the national average cost of nursing home care topping \$100,000 per year, you probably can't afford to pay the entire amount out of your own pocket. The simple answer may be a long-term care insurance policy that provides funds to help you pay for the care you need.

Here are the average costs for long-term care services today.

Nursing Home

\$109,231.20 per year
for a private room

Assisted Living

\$58,553.04 per year
for a one-bedroom unit

Home Health Care

\$56,399.20 per year
for a home health aide
