

Value+ Protector III

Index Universal Life Insurance (IUL)

Build financial confidence with a flexible permanent life insurance policy that helps provide cost-effective death benefit for financial protection.

Top reasons to consider this product

Lock in cost-efficient death benefit protection

Leverage the IUL product foundation to provide long-term coverage you can count on for family protection or wealth transfer needs.

Secure living benefits you can use in your lifetime

Optional chronic illness rider available with an additional charge can offer benefits to help cover qualifying chronic illnesses and care expenses – no receipts needed.

Enjoy peace of mind with Return of Premium (ROP)

Two built-in ROP opportunities¹ to get back the premium payments you've made should your needs change or you no longer need coverage.

Accumulate and access your cash value with flexible choices

This policy provides three crediting strategies linked to proprietary indices plus one using the S&P 500 index— all designed to guard you against market ups and downs. You can access available cash value via loans or withdrawals² to meet financial needs of any kind.

Get coverage that may not require a medical exam

Can be approved and issued without traditional underwriting or medical exams through our Agile Underwriting+ program. Applicants must be age 59 and under and applying for \$2 million or less in coverage.

¹ The Return of Premium (ROP) feature is offered at no additional cost and is automatically attached to your policy. Necessary funding levels are required for this rider benefit to be available. Rider benefits are subject to certain limit. See the rider for details.

² Assumes the use of withdrawals to basis and/or policy loans. Policy must comply with IRS requirements to qualify as a life insurance contract. Total premiums in the policy cannot exceed funding limitations under IRC section 7702. Withdrawals taken during the first 15 years of the contract may be treated as income first and includible in your income. If the policy is classified as a modified endowment contract (see IRC section 7702A), withdrawals or loans are subject to regular income tax and an additional 10% tax penalty may apply if taken prior to age 59 ½. Distributions will reduce policy values and may reduce benefits, availability of policy loans and withdrawals depend on multiple factors including but not limited to policy terms and conditions, performance, and fees or expenses.

PRODUCT HIGHLIGHTS

Issue Ages	<ul style="list-style-type: none">• 18-80 Preferred Plus and Special (Substandard) Non-Tobacco• 18-85 Preferred Non-Tobacco, Standard Non-Tobacco, Preferred Tobacco• 0-85 Standard Tobacco• 0-80 Special (Substandard) Tobacco
Underwriting Classifications	<ul style="list-style-type: none">• Preferred Plus Non-Tobacco Class• Preferred Non-Tobacco Class• Standard Non-Tobacco Class• Preferred Tobacco Class• Standard Tobacco Class• Non-Tobacco Tables: Table 2 - Table 8; Table 10; Table 12; Table 14 and Table 16• Tobacco Tables: Table 2 - Table 8; Table 10; Table 12; Table 14 and Table 16
Agile Underwriting+*	<ul style="list-style-type: none">• Agile Underwriting+ (AU+) is a streamlined underwriting process that provides a path to policy approval that may not require lab tests, physical exam or APS records• Ages 0-59• Face amounts: \$50,000 - \$2,000,000• Tobacco and non-tobacco underwriting classes are available from Standard up to Preferred Plus• Part B completion method:<ul style="list-style-type: none">• Submitted via iGo full eApp and IUL up to \$1,000,000: Tele-interview or agent-completed Part B• If Term through \$1,000,000 and IUL over \$1,000,000 through \$2,000,000: Tele-interview only• We render an UW decision based on the submitted applications, declarations of Part A and B, supplementary forms, and results of various database searches.• If total amount of AGL inforce and applied-for coverage exceeds \$2,000,000, exam and labs are required. If total amount of AGL inforce and applied-for coverage is less than \$2,000,000, AU+ is available up to a total inforce and applied-for amount of \$2,000,000.• Opt-out option available: agents can select full underwriting instead of AU+
Minimum Death Benefit	<ul style="list-style-type: none">• \$50,000 for ages 50+ for Preferred underwriting classes; otherwise \$100,000 minimum death benefit
Death Benefit Options	<ul style="list-style-type: none">• Option 1 (Level): Death benefit equal to specified amount, or accumulation value multiplied by death benefit corridor, minus partial withdrawals• Option 2 (Increasing): Death benefit equal to specified amount plus accumulation value, or accumulation value multiplied by the death benefit corridor, minus partial withdrawals
Lapse Protection Guarantee	<ul style="list-style-type: none">• Provides a guaranteed death benefit via the automatically included continuation guarantee account• Designed to provide a competitive guarantee up to age 90
Policy Issue	<ul style="list-style-type: none">• Issued daily from the 1st to the 28th of the month• On holidays, the ending index value of the next business day serves as the starting value for that index segment
Premiums	<ul style="list-style-type: none">• Policy owner will define premium allocation percentage (among four index accounts and a declared interest account) at issue, and allocation instruction can be changed at any time for future premium payments• Net premiums allocated to an index account received between account allocation dates are deposited to an interim account and will receive declared interest until the next allocation date, at which time funds in interim account are transferred to a new index account. The interim account interest rate is guaranteed never to be less than 2.00%.
Changes to the Specified Amount	<ul style="list-style-type: none">• Increases available at any time, subject to satisfactory evidence of insurability• After first policy year, policy owner may decrease specified amount; however, death benefit may not be less than minimum death benefit amount

Percentage of Premium Load	<ul style="list-style-type: none"> • Current charges vary by gender, issue age, UW class, and policy year. Current premium load is 9% up to target, and 15% above target
Monthly Deductions	<ul style="list-style-type: none"> • Current and guaranteed monthly administration fee is \$10 • 10 year monthly expense charge per \$1,000, including increases • Current cost of insurance charges based on Net Amount at Risk as defined in the policy Rider charges
Surrender Charges	<ul style="list-style-type: none"> • Surrender charge period for base coverage of the specified amount applies up to the first 19 years. If the base coverage is increased, a new surrender charge period will apply to the increase.
Withdrawals (Partial Withdrawals)	<ul style="list-style-type: none"> • Available any time during the insured's lifetime, after the first policy year • Death benefit cannot be reduced below \$50,000 as a result of the withdrawal • Partial withdrawals are taken first from interim account, then from declared interest account, then from index accounts • Current charge of \$25 (maximum contractual charge of \$50) for each withdrawal

Value+ Protector III Interest Crediting Accounts

Blend Participation Rate Account	<ul style="list-style-type: none"> • Volatility control index strategy with the ML Strategic Balanced Index® which blends the S&P 500 and Merrill Lynch 10-year U.S. Treasury Futures Total Return Index and cash • A predefined percentage is used to calculate how much of the net increase (participation) in index value is credited to the policy in positive performance years • A current crediting bonus of 0.65% (guaranteed to be no less than 0.40%) through an account value enhancement from policy year 6 and later • A one-year duration to calculate interest crediting • No less than 0% index interest crediting helps protect from losses in down markets
Dividend Blend Participation Rate Index Account	<ul style="list-style-type: none"> • Volatility control index strategy with Franklin Quality Dividend Index which is an equity-based index focused on capturing the dividend strength of high-quality stocks • Uses a rules-based approach to dynamically allocate between two types of dividend paying stocks—high dividend-paying stocks (as represented by the iShares Select Dividend ETF) and stocks with stable share prices (as represented by the Invesco S&P 500® Low Volatility ETF) • The equity allocation is adjusted on a monthly basis. Cash is then added to help mitigate market risk • A current crediting bonus of 0.85% (guaranteed to be no less than 0.10%) through an account value enhancement from policy year 6 and later • A one-year duration to calculate interest crediting • A no less than 0% interest crediting strategy protects from losses in down markets
Global Blend Participation Rate	<ul style="list-style-type: none"> • Volatility control index strategy with the PIMCO Global Optima Index® which blends International and emerging markets, U.S. large cap, U.S. mid cap, and U.S. small cap with U.S. Bonds made up of treasuries, corporate bonds and mortgage-backed securities • Adjusts exposure across the equity and fixed income components on a daily basis in order to achieve a 7.5% volatility target • A predefined percentage is used to calculate how much of the net increase (participation) in index value is credited to the policy in positive performance years. • A current crediting bonus of 0.50% (guaranteed to be no less than 0.40%) through an account value enhancement from policy year 6 and later • A one-year duration to calculate interest crediting • A no less than 0% interest crediting strategy protects from losses in down markets

Cap Account	<ul style="list-style-type: none"> • Index strategy is based on performance of the S&P 500 index • A predefined percentage is used to calculate the maximum amount of increase (cap) in index value that is credited to the policy, regardless of how well the index performs. • A guaranteed crediting bonus of 0.10% through an account value enhancement from policy year 6 and later • A one-year duration to calculate interest crediting • No less than 0% index interest crediting protects from losses in down markets
Declared Interest Account	<ul style="list-style-type: none"> • Fixed interest rate declared by the company (2% guaranteed interest rate) • No participation in index performance • A guaranteed crediting bonus of 0.40% through an account value enhancement from policy year 6 and later

Value+ Protector III Policy Loans

Policy Loans	<ul style="list-style-type: none"> • Policyholder has a choice between loan options that allows flexibility in loan rates charged on loans and interest rates credited on accumulation values impaired by policy loans • Options include (a) Standard loans with Preferred Loan features and (b) Participating loans
Standard and Preferred Loans	<p>Standard Loans</p> <ul style="list-style-type: none"> • The current effective annual loan rate is 3.00%. It is payable in advance at the rate of 2.91% • Annual effective rate of 2.00% will be credited to portion of accumulation value that equals amount of policy loans <p>Preferred Loans</p> <ul style="list-style-type: none"> • Available after 10 policy years • Maximum amount eligible is lesser of: 1) loan value or 2) 10% of accumulation value • Loan rate (not guaranteed) currently equals credited rate applied to policy loan. Guaranteed at no greater than 2.15% paid in advance.
Participating Loans	<ul style="list-style-type: none"> • Available whenever there is an amount of cash value accumulation in the policy • Participating loans will be available from inception • The current annual loan rate is 4.5%. Loan interest is payable in advance at the rate of 4.31%. The maximum rate is 8%. • Policy values in these accounts continue to have potential to earn index interest or declared crediting accounts

Value+ Protector III Liquidity Benefit Options³

Cash Value Access If Strong Index Performance Feature	<ul style="list-style-type: none">• Automatically included in policy at no extra cost• Can be utilized either: (1) at the end of 20 years (for issue ages 0-64) or (2) the later of age 85 or the end of 5 policy years• If policyholder's Actual Cash Surrender Value (ACSV) outperforms the Benchmark Cash Value (BCV) then policyholder may withdraw up to an amount equal to the difference. Policyholders can withdraw lesser of 10% of their initial death benefit or \$100,000⁴• Will not incur a partial surrender charge, partial withdrawal fee, reduction in specified amount (the death benefit would reduce if the DB option is 2 or if the policy is in corridor), or reduction in CG Account Value• Alternatively, can also use the difference to purchase a paid-up life insurance policy, completely separate from the base policy. The contract will be single premium whole life.
Cash Value Access Excess Funding Feature	<ul style="list-style-type: none">• Automatically included in the policy at no charge• Can be utilized if the sum of the premiums paid in the first 20 policy years (or the later of 5 years or to age 85 for issue ages above 65) exceeds the sum of benchmark premiums for the same period, and to the extent there is ACSV available for withdrawal³• The policyholder may withdraw an amount up to the difference. Clients can withdraw the lesser of 10% of their initial death benefit or \$100,000• Will not incur a partial surrender charge, partial withdrawal fee, reduction in specified amount (the death benefit would reduce if the DB option is 2 or if the policy is in corridor) or reduction in CG Account Value• Alternatively, can also use the difference to purchase a paid-up life insurance policy, completely separate from the base policy. The contract will be single premium whole life.

Value+ Protector III Riders³

Enhanced Surrender Value Rider (Return of Premium Rider)	<ul style="list-style-type: none">• Automatically included and guaranteed is included at no additional cost• Once the policy is sufficiently funded, the rider provides two opportunities to fully surrender the policy and receive the enhanced cash surrender value.• If the policy is surrendered 60 days prior to the end of policy year 20, the policyholder will receive 50% premiums paid• Or alternatively at the end of policy year 25, the policyholder will receive a percentage of premiums paid:<ul style="list-style-type: none">- Issue age 41 and older: 100% ROP, capped at 40% of specified face amount- Issue age 40 and younger: 75% ROP, capped at 30% of specified face amount
Terminal Illness Accelerated Benefit Rider	<ul style="list-style-type: none">• Provides accelerated death benefit (living benefit) when insured is diagnosed with terminal illness (24 months or less to live)• One-time accelerated benefit of up to 50% of the base policy death benefit (less policy loans and excluding riders)• Maximum: \$250,000• Subject to an administrative fee. Some states require a signed disclosure form at time of application
Overloan Protection Rider	<ul style="list-style-type: none">• Rider guarantees that base policy will not lapse due to an outstanding loan• Rider must be activated in writing once the loan balance exceeds 94% of cash value. A one-time charge will be deducted from the accumulation value, and future monthly deductions will be waived.• Rider benefit can be activated at or after the later of attained age 75 or 15th policy anniversary

³ There may be a charge for each rider selected. See the rider for details regarding the benefit descriptions, limitations and exclusions. Adding or deleting riders and increasing or decreasing coverage under existing riders can have tax consequences. Policy owners should consult a tax advisor prior to exchanging their policy. Riders are not available in all states.

⁴ Under current federal tax law, partial withdrawals are reportable to the policy owner and may be taxable. Limitations apply.

Dollar Cost Averaging Rider	<ul style="list-style-type: none"> • Automatic, free rider that allocates lump-sum payments (both 1035 and non-1035) as well as periodic payments on frequency of annual, semi-annual and single premiums to be allocated to this rider and then dispersed to the Index Interest Accounts over several months so that a large portion of the policy's Accumulation Value is not subject to the market movements of only one date. It is the policyholder's choice to utilize this rider. There is no additional fee associated with this rider. Utilizing this rider will affect the amount of interest your policy earns. Depending on the performance of the indices, utilizing this rider may result in more or less interest. • The DCA Rider creates an additional account ("DCA Account") that will remain on the policy for the life of the contract. Interest is credited daily. The amount of interest credited is determined by the Company, but shall be no less than 2.00%. Premiums allocated to the DCA account will be transferred into the Index Interest Accounts according to the allocation percentage of your choosing. Note that transfers from the DCA Account to the declared interest account are not permitted.
Accelerated Access Solution® (AAS) Chronic Illness Rider	<ul style="list-style-type: none"> • Premium paying rider provides access to cash value for qualifying chronic illness • Three options available: 2% of the AAS benefit per month; 4% of the AAS benefit per month; IRS per diem maximum of the AAS benefit per month • Monthly benefit is capped at the maximum IRS daily rate at the time of claim. The 2022 maximum per diem is \$390/day or \$11,862.50/month. Subsequent years may be higher.
Protected Premium Rider	<ul style="list-style-type: none"> • Offers an optional rider providing cash value in excess of the accumulation value minus surrender charges if full or partial surrenders are taken during the protected premium period • This results in an increase in cash value in policy years 2 to 5 • Depending on the amount and timing of the premium payments, the charge for this rider may cause the policy's cash value with this rider during the protection period to be lower than what it would have been without the rider
Select Income Rider	<ul style="list-style-type: none"> • Optional rider converts a portion or all of the life insurance benefit for beneficiaries to a predefined guaranteed set of annual payments⁵ • Minimum percentage of life insurance benefit available to convert is 10% (up to 100%) • May lower the policy's cost of insurance charges, which may result in a lower premium • Schedule of life insurance benefit payments will be determined at issue • Benefit schedule will be based on the initial face amount of the policy at issue and is irrevocable for the beneficiary • Life insurance benefit payments will increase annually at a rate set at issue
Accidental Death Benefit (ADB) Rider	<ul style="list-style-type: none"> • Provides an additional death benefit if death resulted from certain accidental injuries • Minimum: \$25,000; Maximum: The lesser of \$250,000 or the initial sum insured under the policy
Children's Insurance Benefit Rider (CIB)	<ul style="list-style-type: none"> • Provides term insurance on the base insured's dependent children with coverage through attained age 24 • Minimum: 1 unit (\$1,000); Maximum: 25 units (\$25,000)
Waiver of Monthly Deduction Rider	<ul style="list-style-type: none"> • Waives the monthly deduction while the insured is disabled after we receive due proof of Total Disability and after six months of disability • Rider charges are based on the insured's attained age and increase annually • Rider not available for face amounts greater than \$5 million

5 The rider must be selected at the time of policy purchase. There is no additional fee for this rider. A portion of the installment payments under this rider may be taxable.

Disclosures from Index Companies

INFORMATION ABOUT THE ML STRATEGIC BALANCED INDEX*

The ML Strategic Balanced Index® provides systematic, rules-based access to the blended performance of two underlying indices—the S&P 500 (without dividends), which serves to represent equity performance, and the Merrill Lynch 10-year U.S. Treasury Futures Total Return Index, which serves to represent fixed income performance. To help manage overall return volatility, the Index may also systematically utilize cash performance in addition to the performance of the two underlying indices.

Important Note: The ML Strategic Balanced Index® embeds an annual index cost in the calculations of the change in Index Value over the Index Term. This “embedded index cost” will reduce any change in Index Value over the Index Term that would otherwise have been used in the calculation of index interest, and it funds certain operational and licensing costs for the index. It is not a fee paid by you or received by the Company. The Company’s licensing relationship with Merrill Lynch, Pierce, Fenner & Smith Incorporated for use of the ML Strategic Balanced Index and for use of certain service marks includes the Company’s purchase of financial instruments for purposes of meeting its interest crediting obligations. Some portion of those instruments will, or may be, purchased from Merrill Lynch, Pierce, Fenner & Smith Incorporated or its Affiliates. Merrill Lynch, Pierce, Fenner & Smith Incorporated and its affiliates (“BofA Merrill Lynch”) indices and related information, the name “BofA Merrill Lynch”, and related trademarks, are intellectual property licensed from BofA Merrill Lynch, and may not be copied, used, or distributed without BofA Merrill Lynch’s prior written approval. The products of licensee American General Life Insurance Company have not been passed on as to their legality or suitability, and are not regulated, issued, endorsed, sold, guaranteed, or promoted by BofA Merrill Lynch.

BOFA MERRILL LYNCH MAKES NO WARRANTIES AND BEARS NO LIABILITY WITH RESPECT TO ANY INDEX, ANY RELATED INFORMATION, ITS TRADEMARKS, OR THE PRODUCT(S) (INCLUDING WITHOUT LIMITATION, ITS QUALITY, ACCURACY, SUITABILITY AND/OR COMPLETENESS).

The ML Strategic Balanced Index (the “Index”) is the property of Merrill Lynch, Pierce, Fenner & Smith Incorporated, which has contracted with S&P Opco, LLC (a subsidiary of S&P Dow Jones Indices LLC) to calculate and maintain the Index. The Index is not sponsored by S&P Dow Jones Indices or its affiliates or its third party licensors (collectively, “S&P Dow Jones Indices”). S&P Dow Jones Indices will not be liable for any errors or omissions in calculating the Index. “Calculated by S&P Dow Jones Indices” and the related stylized mark(s) are service marks of S&P Dow Jones Indices and have been licensed for use by Merrill Lynch, Pierce, Fenner & Smith Incorporated. Note that the ML Strategic Balanced Index™ is not available for policies issued in the State of New York.

INFORMATION ABOUT THE S&P 500® INDEX

The S&P 500 Index is a product of S&P Dow Jones Indices LLC (“SPDJI”), and has been licensed for use by AGL and US Life. Standard & Poor’s®, S&P® and S&P 500® are registered trademarks of Standard & Poor’s Financial Services LLC (“S&P”); Dow Jones® is a registered trademark of Dow Jones Trademark Holdings LLC (“Dow Jones”); and these trademarks have been licensed for use by SPDJI and sub-licensed for certain purposes by AGL and US Life. AGL and US Life’s Max Accumulator+ is not sponsored, endorsed, sold or promoted by SPDJI, Dow Jones, S&P, their respective affiliates, and none of such parties make any representation regarding the advisability of investing in such product(s) nor do they have any liability for any errors, omissions, or interruptions of the S&P 500 Index.

INFORMATION ABOUT THE PIMCO GLOBAL OPTIMA INDEX*

The PIMCO Global Optima Index (the “Index”) is a comprehensive equity and bond index, offering exposure to global equity and U.S. fixed income markets. The Index is a trademark of Pacific Investment Management Company LLC (“PIMCO”) and has been licensed for use for certain purposes by American General Life Insurance Company (“the Company”) with this life insurance policy (“the Product”). The Index is the exclusive property of PIMCO and is made and compiled without regard to the needs, including, but not limited to, the suitability or appropriateness needs, as applicable, of the Company, the Product, or owners of the Product. The Product is not sold, sponsored, endorsed or promoted by PIMCO or any other party involved in, or related to, making or compiling the Index. PIMCO does not provide investment advice to the Company with respect to the Product or to owners of the Product.

Neither PIMCO nor any other party involved in, or related to, making or compiling the Index has any obligation to continue to provide the Index to the Company with respect to the Product. Neither PIMCO nor any other party involved in, or related to, making or compiling the Index makes any representation regarding the Index, Index information, performance, annuities generally or the Product particularly.

PIMCO disclaims all warranties, express or implied, including all warranties of merchantability or fitness for a particular purpose or use. PIMCO shall have no responsibility or liability whatsoever with respect to the Product.

The Licensed PIMCO Licensed Index is comprised of a number of constituents, some of which are owned by entities other than PIMCO. The Licensed PIMCO Indices rely on a variety of publically available data and information and licensable equity and fixed income sub-indices. All disclaimers referenced in the Agreement relative to PIMCO also apply separately to those entities that are owners of the constituents of the Licensed PIMCO Indices. The constituents of the Licensed PIMCO Indices include: MSCI Inc., FTSE International Limited, FTSE TMX Global, Debt Capital Markets, Inc., Frank Russell Company and certain ETFs. The Licensee expressly agrees to include the following disclaimer and limited language in connection with the use of the Licensed PIMCO Indices for the Permitted Purposes.

INFORMATION ABOUT THE FRANKLIN QUALITY DIVIDEND INDEX

The Franklin Quality Dividend (“FQD”) Index has been developed and is owned solely by Franklin Advisers, Inc., a subsidiary of Franklin Resources, Inc. Neither Blackrock (the sponsor of iShares ETFs) nor Invesco is affiliated with Franklin Resources, Inc. and Franklin Advisers, Inc. FQD and any security or product based on or making use of FQD are not sponsored, endorsed, or promoted by Blackrock or Invesco, and neither company bears any responsibility or liability for or with respect to FQD or any security or product based on or making use of FQD.

FQD is calculated on behalf of Franklin Advisers, Inc. by Solactive or its affiliate, agent or partner. Solactive, Franklin Advisers, Inc., Franklin Resources, Inc. and their respective affiliates do not make any claim, prediction, warranty or representation as to the accuracy and completeness of FQD, the results to be obtained from use of FQDI or the suitability of FQD for the purpose to which it is being put by American General Life Insurance Company, and bear no liability for FQD or for any security or product based on or making use of FQD.

FQD embeds an annual index cost in the calculations of the change in index value. This embedded index cost will reduce any change in index value, and it funds certain operational and licensing costs for the Index. Since it will affect the return of the Index, it may also impact the amount of interest credited to an index annuity; however, it is not a fee paid by the policy owner or received by the issuing insurance company.

IMPORTANT CONSUMER DISCLOSURES REGARDING ACCELERATED BENEFIT RIDERS

An Accelerated Death Benefit Rider (ABR) is not a replacement for Long Term Care Insurance (LTCI). It is a life insurance benefit that gives you the option to accelerate some of the death benefit in the event the insured meets the criteria for a qualifying event described in the policy. The rider does not provide long-term care insurance subject to California insurance law, is not a California Partnership for Long-Term Care program policy. The policy is not a Medicare supplement.

ABRs and LTCI provide different types of benefits. An ABR allows the insured to access a portion of the life insurance policy's death benefit while living. ABR payments are unrestricted and may be used for any purpose. LTCI provides reimbursement for necessary care received due to the inability to perform activities of daily living or cognitive impairment. LTCI coverage may include reimbursement for the cost of a nursing home, assisted living, home health care, homemaker services, adult day care, hospice services or respite care for the primary caretaker and the benefits may be conditioned on certain requirements or meeting an elimination period or limited by type of service, the number of days or a maximum dollar limit. Some ABRs and all LTCI are conditioned upon the insured not being able to perform two or more of the activities of daily living or being cognitively impaired.

This ABR pays proceeds that are intended to qualify for favorable tax treatment under section 101(g) of the Federal Internal Revenue Code. The federal, state, or local tax consequences resulting from payment of an ABR will depend on the specific facts and circumstances, and consequently advice and guidance should be obtained from a personal tax advisor prior to the receipt of any payments. ABR payments may affect eligibility for, or amounts of, Medicaid or other benefits provided by federal, state, or local government. Death benefits and policy values, such as cash values, premium payments and cost of insurance charges if applicable, will be reduced if an ABR payment is made. ABR payments may be limited by the contract or by outstanding policy loans.

Accelerated Access Solution (AAS)

The Accelerated Access Solution (AAS) is an optional living benefit rider that is available on the insurance policy issued by American General Life Insurance Company in the state of California. The Accelerated Access Solution is a life insurance rider that accelerates a portion of a policy's death benefit when an insured meets the health impairment criteria set forth in the rider.⁶ Control over how money is spent is up to the policy holder: there are no receipts required and no restrictions on what the money is used for once the policy owner has been certified as eligible to receive AAS benefits. Benefits are paid directly to the policyholder for as long as the criteria are met, or until the AAS benefit amount is exhausted, whichever occurs first. Acceleration of death benefits and payments under such an accelerated death benefit will reduce the death benefit of the policy and reduce other policy values as well, potentially to zero. If the entirety of the insurance amount is accelerated, the policy terminates.

Payout Options

Multiple benefit payment options are available with two options for monthly disbursement at the time of purchase:

- 2% of AAS benefit, or the applicable maximum monthly amount if less
- 4% of AAS benefit, or the applicable maximum monthly amount if less than the maximum monthly amount is \$10,000 increased annually by 4% until the time of claim.
- Alternatively, you have the option at the time of claim to receive the accelerated benefit in a lump sum payment in lieu of the benefits payable under the monthly payment option you selected. Such lump sum benefit will be subject to an actuarial discount that is determined by the company at the time you become eligible for benefits under the rider.⁷

Benefit Payment

Once the insured meets the health impairment criteria and benefits have been approved for payment, they may select their disbursement. There is a maximum benefit payable under the monthly disbursement option that we'll notify the insured of at their time of claim. The insured may also select a smaller amount than the maximum monthly benefit. A lump sum option is available as well; which can be substituted for monthly benefits.

Tax Implications

There are no restrictions or limitations on the use of the accelerated death benefit proceeds under the Chronic Illness Accelerated Death Benefit Rider. The accelerated benefits payable under this rider are generally intended for favorable tax treatment under Section 101(g) of the Internal Revenue Code. There may be tax consequences in some situation in accepting an accelerated benefit payment amount, such as where payments exceed the per diem limitation under the Internal Revenue Code. You should consult your personal tax advisor to assess the impact of this Benefit prior to accepting the Benefit.

⁶ Insured must be certified as chronically ill by a Licensed Health Care Practitioner and meet all eligibility requirements and the condition need not be permanent.

⁷ The Company will determine the actuarial discount applicable to a given lump sum payment using factors including, but not limited to the Company's assessment of the expected future mortality of the Insured and an interest rate determined as described in the rider.

Policies issued by **American General Life Insurance Company (AGL)**, Houston, TX. Policy Form Numbers: ICC16-16760, 16760; Rider Form Numbers: 15600, ICC15-15600, 13600-5, ICC18-18012, 18012, ICC16-16420, 16420, ICC13-13601, 13601, 07620, ICC14-14002, 14002, ICC15-15992, 15992, 15997, ICC18-18004, 18004, ICC15-15990, 15990. Issuing company AGL is responsible for financial obligations of insurance products and is a member of American International Group, Inc. (AIG). Guarantees are backed by the claims-paying ability of the issuing insurance company. **AGL does not solicit, issue or deliver policies or contracts in the state of New York.** Products may not be available in all states and product features may vary by state.
