1) Chronic Illness not available in California on term products or products with term riders. Some states may limit the definition of Terminal Illness to conditions that are expected to result in death within 12 months. The riders are offered at no additional premium. However, the accelerated payment will be less than the requested death benefit because it will be reduced by an actuarial discount and an administrative fee of up to \$500. The amount of the actuarial discount is primarily dependent on American National's determination of the insured's life expectancy at the time of election.
