

Lafayette Life Paramed Exam Scheduler

Lafayette Life has expanded our application’s abilities to prepare paramedical examinations for underwriting clients. Now, in addition to submitting orders for exam providers to contact clients, you can schedule the exact time and location for the exam. Paramed exams can be scheduled at provider locations or your client’s private address.

- The new scheduling tool is located in the same place at the end of the app, after the app validation.
- Choose the option for scheduling.
