

2024 Elite Producer Compensation Program (EPCP)

We’re excited to share that Corebridge Financial will continue to offer independent agents additional compensation opportunities with the Elite Producer Compensation Program (EPCP) for the 2024 calendar year. Please see important details below.

Elite Producer Compensation Program Overview

Additional compensation is only available on fixed index annuities issued by the American General Life Insurance Company (AGL)¹. Agents who qualified for the program in 2023, will carry over their **Compensation Tier** earned at the end of 2023 into the 2024 calendar year, with additional compensation paid at that level beginning with their first sale. Agents must achieve \$1,000,000 of net qualifying paid premium on commissionable fixed index annuities issued by AGL and offered through our IMO / BGA distribution partners to qualify for the program. Once qualified, agents will earn an additional compensation percentage on future sales during 2024 as follows:

Elite Producer Compensation Program Overview		
Compensation Tier*	Additional Compensation %	Applicable Net Qualifying Paid Premium Amount (in MM)
Tier 0	0.00%	\$0 - 1 MM
Tier 1	0.50%	\$1 - 3 MM
Tier 2	0.75%	\$3 - 5 MM
Tier 3	1.25%	\$5 - 10 MM
Tier 4	1.50%	\$10 MM+

* Each tier is activated for prospective sales and is not retroactive to sales prior to qualification.

Initial Qualification Example: Once an agent reaches \$1 MM of net qualifying fixed index annuity premium for certain contracts issued by AGL, then the next \$2 MM will earn an additional 0.50% in compensation. Once \$3 MM of net qualifying premium has been achieved the agent will earn an additional 0.75% in compensation on future sales, etc. When an agent reaches \$10 MM or more in net qualifying fixed index annuity premium, all future qualifying sales during the program period will earn an additional 1.50% in compensation.

¹ Products issued by the United States Life Insurance Company in the City of New York (US Life) are not included in this program.

If an agent’s net qualifying premium amount crosses a Compensation Tier within the quarterly compensation program cycle, a weighted compensation rate will be shown on the commission statement. See Assumptions and Commission Statement example below:

Assumptions: Agent has met the \$1MM net qualifying premium requirement. Compensation Payment is paid quarterly, in a lump sum, based on net qualifying paid premium.

Important Notes: Index annuities are not a direct investment in the stock market. They are long-term insurance products with guarantees backed by the claims-paying ability of the issuing insurance company. They provide the potential for interest to be credited based in part on the performance of the specified index, without the risk of loss of premium due to market downturns or fluctuations. Index interest accounts are not a permanent part of the contract and may be removed due to circumstances beyond the control of American General Life Insurance Company. Such circumstances include, but are not limited to, the discontinuation of an index, which may occur at the end of an index term, a change in the composition or calculation of an index, the inability to license the use of an index and the inability to hedge risks associated with these index interest accounts. Special rules govern how assets in a discontinued index interest account may be reallocated. These rules may differ by state. Please see your contract for more information
