The American National Story

Chartered on March 17, 1905 by the company's founder, W. L. Moody Jr., American National began operations with \$100,000 of capital and \$20,000 surplus. Mr. Moody envisioned a company that would flourish for centuries. His conservative business approach created a unique corporate culture that remains the heart of the company today.

As of May 2022, American National is now owned by Brookfield Reinsurance, a forward-looking company established for long-term participation in the insurance and reinsurance industries. Brookfield Reinsurance is committed to build on the enduring value and security provided by American National to its clients and will continue to manage its business driven by its corporate vision to be a provider of financial services for current and future generations.

1) Indexed strategies earn interest related to the performance of an index. Whether an indexed strategy earns interest or not and how much interest is earned is dependent on a number of factors: index performance, participation rate, cap and segment term. There is no particular interest crediting strategy that will deliver the most interest under all economic conditions. 2) The availability of this enhancement is not guaranteed and is subject to change. 3) The availability of this enhancement is not guaranteed and is subject to change.
