³ A few states require the payment of premium taxes on annuities either at the time the company receives the money, upon Annuitization or withdrawal. If we must pay such taxes we will deduct them from your Policy benefits at that time.

⁴ Assuming no withdrawals during the withdrawal charge period. Rider charges continue to be deducted regardless of whether interest is credited. Annuities have surrender charges that are assessed during the early years of the contract if the annuity is surrendered.

⁵ Withdrawals prior to age 59½ may be subject to a 10% Federal Tax Penalty. All withdrawals made from annuities with pre-tax contributions are taxed as ordinary income. All withdrawals from an annuity purchased with non-qualified monies are taxable as ordinary income only to the extent there is a gain in the policy.

⁶ The Guaranteed Lifetime Income Rider (GLIR), as represented in form series 8969, 8970, 20365, 20135, 20136, and/or 20380, is a rider that can be added to an annuity policy at issue and is available on fixed and fixed indexed annuities issued by Life Insurance Company of the Southwest. Electing this rider incurs an additional cost. GLIR may be optional, and may not be available on all products or in all states. Guaranteed Withdrawal Payments reduce the policy's accumulated value, but you will continue to receive these payments during your lifetime even if your accumulation value declines to zero.
