Mortgage Requirement:

A current mortgage is required regardless of the date initially taken or refinanced to be eligible for this plan. If either of the following potential proposed insured is on the mortgage or deed of trust, both may apply. Domestic partners, common-law couples, significant others, and engaged couples may be eligible if both have lived in the home to which the mortgage applies for a minimum of three months, share in the economy of that home, and a loss of either would create a financial hardship on the other. A single parent with a grown child/children living at home does not fit our definition of a couple. Section D of the application '**Complete Mortgage and Employment Information**' must be completed as part of this requirement.

Conversion Privilege:

Non-ROP	As long as the policy is in force by payment of premiums, the proposed insured may convert the policy to any whole life or endowment insurance policy that the Company offers for conversion as of the effective date of the conversion. Conversion is allowed on or before the earlier of (a) the expiry date, (b) the policy anniversary following the insured's attained age of 75, or (c) within five years from the policy date if later than the policy anniversary following the insured's attained age of 75.
ROP	As long as the policy is in force by payment of premiums, the proposed insured may convert the policy to any whole life or endowment insurance policy that the Company offers for conversion as of the effective date of the conversion. Conversion is allowed on or before the earlier of the policy anniversary on which the level premium period ends or the policy anniversary with the insured's age of 75.

Evidence of insurability will not be required for conversion. The face amount of the new Policy may not exceed the face amount of the original Policy at the time of conversion. It may not be less than the Company's minimum required on the conversion date for the plan selected.

TELEPHONE INTERVIEW

MOBILE APPLICATION – DECISION ENGINE PROCESS

Our mobile application technology will provide you with a point-of-sale underwriting decision on the screen within seconds of you completing the application. One of the possible outcomes is that a telephone interview is required. If an interview is required, it may be completed at point-of-sale.

After completing the application, you may call from the proposed insured's home for a personal history telephone interview. The Company has designed the interview to confirm the answers given on the application. The interview may be completed in either of two ways:

- 1) at point-of-sale, or
- 2) the interview company will contact the proposed insured after receipt of the application by the Home Office.

The agent and proposed insured may complete the point-of-sale telephone interviews by calling the toll-free number below. **When calling the vendor, identify yourself, the Company, and the product the proposed insured is applying for, 'Home Protector', and whether or not the proposed insured is applying for the Critical Illness Rider or the Total Disability Benefit Rider.** The proposed insured must always complete the telephone interview without assistance from the agent or another person. If the interview is completed at point-of-sale, mark the 'Telephone interview done' question 'Yes' in the upper, right-hand corner of the application. If the sale is made outside of the vendor's hours of operation or if the interview is not completed at point-of-sale, mark the question 'No', and the interviewing company will initiate the call after receipt of the application.

OTHER REQUIRED FORMS / KEY ADMINISTRATIVE GUIDELINES

Replacement of Existing Insurance:

Agents must provide great care and attention when making any decision to replace an existing policy. You have a responsibility to make sure that your proposed insured has all the necessary facts (advantages & disadvantages) to determine if the replacement is in his/her best interest. Do not request a replacement (both external & internal) if it is not in your proposed insured's best interest, both short and long term. For a list of factors to consider before recommending a replacement & other guidelines, please refer to the Company's 'Compliance Guidelines' manual found on our website. Applications involving replacement sales are monitored daily. If the Company notices a trend of multiple replacements or a pattern of improper replacements, we may take disciplinary action to including termination of an agent's contract.

Application Date/Requested Policy Date:

The application date should always be the date the proposed insured answered all the medical questions and signed the application. The **Requested Policy Date** cannot be more than **30 days out from the date the application was signed**.

All changes must be crossed out and initialed by proposed insured.

No white outs or erasures are permitted on the application.

Third-Party Payor:

The Company has experienced problems in terms of anti-selection, adverse claims experience, and persistency on applications involving 'Third-Party Payors'. This is defined as a premium payor other than the primary Insured, the spouse, business, or business partner (regardless of the mode of payment). Examples of 'Third-Party Payors' include brothers, sisters, in-laws, parents, grandparents, aunts, uncles, and cousins. As a result of the issues related to this situation, we **DO NOT** accept Home Protector applications where a Third-Party Payor is involved.

Monthly Direct Bill is not an acceptable payment option for this plan.

Proposed Insureds Re-applying for Coverage:

A new application will not be processed if the proposed insured has had two Policies with any of our Companies within the previous 12 months, or had three or more Policies in the past five years, which have lapsed, been made not taken, surrendered, or canceled. This applies regardless of the contract(s) which have previously been written or who the writing agent may have been on the previous Policies.

Proposed Insureds Re-applying for Coverage – A new application will not be processed if the proposed insured has had two Policies with any of our Companies within the previous 12 months, or had three or more Policies in the past five years, which have lapsed, been made not taken, surrendered, or canceled. This applies regardless of the contract(s) which have previously been written or who the writing agent may have been on the previous Policies.

It is often easier and in the best interests of your proposed insureds to request that a Policy be re-dated or reinstated rather than completing a new application. Below are the Company guidelines to follow:

Re-date and Reinstate Request*:

- If the policy lapse has occurred 60 days after the policy date & within the first policy year:
 - A Policy may be re-dated simply by sending an email request to our **Client Experience Department** at cx@aatx.com.
 - There is no additional paperwork necessary.
 - * A Policy may be re-dated ONE time only.

Reinstatement Requests Only:**

- If the policy lapse has occurred 60 days after the policy date & within the first policy year:
 - We require both a 'Statement of Health' (Form No. 1110) & HIPAA (Form No. 9526) be completed.
 - In addition, a new bank authorization (Form No. 1963) is required if payments will be made via bank draft. Or we would require the back premiums due if the payments will be made on direct bill. Payment or bank draft form must be returned with the required forms.
 - The documents above should be faxed to **Client Experience** at **(254) 297-2105**.
 - As an alternative, we will process a new application with 'Reinstate' and the policy number wrote down at the top. Fax this request to **Client Experience** at **(254) 297-2105**.
 - If the policy lapse occurred more than one year after the policy date:
 - We require a new application to be completed and faxed to the **New Business Department** at **(254) 297-2100**.
 - Make sure to send a note with the application saying this is a 'Reinstatement' & indicate the original policy number.
- ** Upon request, we will review these case-by-case for consideration for a re-date & reinstate.

PREMIUMS REQUIREMENTS:

- UL or Non-ROP Term – Two months premium or one modal premium.
- ROP Term – all missed premiums
- All other plans – all missed premiums

* We may need loan interest or payment if the policy is over-loaned.

BANK DRAFT PROCEDURES

Draft First Premium Once Policy is Approved:

- 1) Complete the **'PREAUTHORIZATION CHECK PLAN'** fields found at the bottom of the back of the application. Please specify a **'Requested Draft Day'**, if a specific one is desired. If a **'Requested Draft Day' is provided and needs to be drafted on a specific day, provide that date in the Policy Date field (mm/dd/yy)**.
 - (a) Once the application is approved, the Company will draft the first premium upon the date specified. If the proposed insured does not provide a specified date, the draft will occur when the policy is approved.
 - (b) The initial draft cannot occur more than 30 days after the application signature date.
 - (c) The **'Requested Draft Date'** cannot be on the 29th, 30th, or 31st of the month.
- 2) A copy of a voided check or deposit slip should accompany the application any time that one is available. If one is not available, then we highly recommend that you also complete the Bank Account Verification section of Form 9903 and submit it along with the application. This helps to ensure the accuracy of the account information and reduces the occurrences of returned drafts. If a client only uses a debit or check card instead of actual checks, locate a bank statement to obtain the actual account number (DO NOT use the number found on the card). Green Dot Bank (and other prepaid cards) and American Express not accepted.

Immediate Draft for Cash with Application (CWA) using eCheck:

- 1) In addition to items 1 & 2 above, complete the eCheck Authorization (the eCheck **Bank Draft Authorization** Section of Form 9903). Using this form, the Company will draft the first premium upon receipt of the application.
- 2) When the application is approved, the premium will be applied. Future drafts will occur on the next due date and the **'Requested Draft Day'** (if provided).

OPTION FOR DRAFTS TO COINCIDE WITH RECEIPT OF SOCIAL SECURITY PAYMENTS

Most people today are receiving their Social Security payments on either the first or third of the month or the second, third, or fourth Wednesday. If you have clients receiving their payments under this scenario and they would like to have their premiums drafted on those same dates, please follow the instructions below:

- On the **'Requested Draft Day'** line of the **'PREAUTHORIZATION CHECK PLAN'** on the back page of the application, you will need to list one of the indicators below:
 - **'1S'** – if payments are received on the first of the month.
 - **'3S'** – if payments are received on the third of the month.
 - **'2W'** – if payments are received on the second Wednesday of the month.
 - **'3W'** – if payments are received on the third Wednesday of the month.
 - **'4W'** – if payments are received on the fourth Wednesday of the month.
- The **'Policy Date Request'** field on the front of the application should not be completed as the actual Policy Date will be assigned by the Home Office once the application is received.

When you follow the steps above at the point of sale, our office will have the information needed to process the premium draft to coincide with your client's Social Security payment schedule. The procedure is just that simple. Complete the rest of the application paperwork typically. Also, you may still request immediate drafts for CWA; follow the standard methods.

SPEED UP YOUR TURNAROUND TIME!

Practice these simple guidelines

The HOME PROTECTOR policy has specific underwriting standards we follow when considering proposed insureds. For this policy, we generally consider proposed insureds up to Table 4. However, if an proposed insureds is considered high-risk or declinable by most underwriting standards, in that case, we request that they refrain from applying for this plan.

Before asking any health questions, stress the importance of providing truthful and complete answers. This includes disclosing any tobacco usage that may reflect in the client's medical records, the national prescription database, or MIB, LLC. It's important that all information provided is accurate so that we may provide the best options for your coverage.

Underwriters require additional details if the proposed insured answered **'Yes'** to any health questions. Provide the age at onset, the name of all medications currently taken, the last reading, and how often the medical condition is checked. It is also important to know the name of the doctor treating the condition and the date of the client's last visit. By providing us with this information, our Underwriting department may expedite the processing time of the application and avoid further documentation requests such as medical records or an interview.

PRACTICE GOOD FIELD UNDERWRITING OR...

An agent with a history of sending applications with non-admitted medical information will likely receive special attention when the Underwriting Department reviews their applications. The Underwriting Department will request medical records on those proposed insureds until they feel that the agent has corrected their field underwriting problems.

Refrain from poor field underwriting contributing to unnecessary delays in both the issuing of your business and the payment of your compensation.

Home Protector Medical Impairment Guide

Underwriters will try to evaluate the risk as quickly as possible, so the following factors are essential:

- Good Field Underwriting – Carefully ask all the application questions and accurately record the answers.
- Client Honesty and Cooperation – Underwriting relies heavily on the application; therefore, complete, and thorough answers to the questions are necessary. Please stress this and prepare the proposed insured for the interview (when required). The interview will be brief, pleasant, professionally managed, and recorded.

The Medical Impairment Guide has been developed to assist you in determining a proposed insured's insurability. This guide is not all-inclusive, and state specific applications may differ from the information provided. If you have any questions about medical conditions not listed here, or how a medical condition may affect a state specific application, please contact the Home Office for a risk assessment via our on-line chat or at riskassess@aatx.com. Underwriting reserves the right to make a final decision based on all factors of the risk.
