

## **Annuity State Tax Withholding Guidelines**

American General Life Insurance Company (AGL)

The United States Life Insurance Company in the City of New York (US Life) The Variable Annuity Life Insurance Company (VALIC)

This Guideline is also for Everlake Assurance Company, Unum Insurance Company, Provident Life & Accident Insurance Company, and the Paul Revere Life Insurance Company contracts administered by AGL\*

Insurance companies issuing individual annuities listed above are hereby referred to as "the Company"

States with a state income tax either require mandatory withholding or allow voluntary withholding. If your state requires mandatory withholding, we will withhold the mandatory amount, regardless of what you elect on the Company's administrative form. For states that allow for voluntary withholding but do not provide a default rate, if you elect state income tax withholding but do not fill in a specific amount or percentage, we will withhold 5% of the taxable portion of your distribution for state income tax purposes. For states that provide a default rate, we will withhold the default rate unless instructed by you on the Company's administrative form (e.g., withdrawal, death claim, etc.).

Should your resident state require a specific state withholding form, your state income tax withholding election on the Company's administrative form cannot be accepted (and we will withhold based on the applicable state mandatory withholding rate or the Company's default state income tax withholding rate) until the required state specific form is received at the Company's Annuity Service Center. For information regarding your resident state's specific withholding requirements and mandatory withholding percentages (if applicable), please consult with your tax professional.

Withholding Election – If you are eligible to opt out of federal or state income tax withholding, please be advised that you may be liable to pay the federal or state income tax on your distribution as deemed appropriate by the Internal Revenue Service or state taxing authority, regardless of your election. You may also be subject to tax penalties if your payments of estimated tax and withholding, if any, are not adequate. For changes to your state withholding election, you may provide updated elections on a new copy of the Company's administrative form, unless your state requires a specific state withholding form, in which case you must provide that specific form. Please consult your tax professional for further information.

Provided below are some specific state tax withholding guidelines the Company utilizes to administer financial transactions for annuities. You should consult your tax professional as to the applicability to your factual situation and if your resident state is not listed below. The information below may be subject to change, due to either state law changes or updated Company practices.

To determine if you should opt out of State Income Tax, if allowed, or if you have questions about what your state's default withholding is, you should consult your tax professional.

| State    | Withholding Guidelines  |
|----------|---|
| Oklahoma | If Federal Income Tax withholding is requested, then State Income Tax withholding is mandatory.   |
|          | To opt out of State Income Tax withholding or to determine an additional amount to be withheld above the default, you must submit Form OK-W-4-R or Form OK-W-4-P with the Company's administrative form.  |
|          | You may search for the current copies of Forms OK-W-4-R "Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions" and OK-W-4-P "Withholding Certificate for Periodic Pension or Annuity Payments" on <u>oklahoma.gov</u> .   |
| Vermont  | If Federal Income Tax withholding is mandatory, then State Income Tax withholding is mandatory.   |
|          | Periodic payment withholding will be calculated using wage bracket calculations. For all other distribution types, the percentage instruction provided on the Company's administrative form will be calculated as a percentage of the Federal Income Tax amount withheld. You cannot withhold less than the default rate. |
| Virginia | If Federal Income Tax withholding is requested, then State Income Tax withholding is mandatory unless the account is an IRA or SEP IRA contract.  |
|          | To opt out or to elect a specific withholding rate, you may elect this on the Company's administrative form for IRA or SEP IRA contracts.   |
|          | For all other contract types, Form VA-4P is required to opt out of State Income Tax withholding if no Federal Income Tax is requested or to determine a specific amount to be withheld other than the default rate.   |
|          | You may search for the current copy of Form VA-4P "Withholding Exemption Certificate for Recipients of Pension and Annuity Payments" on <u>tax.virginia.gov</u> .   |
