Riders are supplemental benefits that can be added to a life insurance policy and are not suitable unless the client has a need for life insurance. Accelerated Benefit Riders are optional and may not be available in all states or on all products. Receipt of Accelerated Benefits will reduce the Cash Value and Death Benefit otherwise payable under the policy, may result in a taxable event, and may affect your client's eligibility for public assistance programs. State exceptions, limitations and restrictions may apply to riders, benefits and triggers. Refer to the specimen policy forms for the limitations on these benefits.
